

The Merrion Hotel

The Merrion Hotel, is known in Ireland and worldwide as Dublin's most luxurious 5 star hotel. The Merrion occupies some of the finest, most beautifully restored, and best-located Georgian buildings in Dublin city centre, and is home to numerous awards over the years, including a two star Michelin restaurant and a number of renowned bars including the Cellar Bar which was voted Sky Hotel Bar of the Year in 2016. The Merrion Hotel is firmly established as one of the finest 5 star hotels in Ireland.

The Merrion is committed to ensuring the highest levels of quality and luxury for its guests and visitors, and in 2014 they chose REL's Glycol Beer Dispense System as their dispense system of choice, ensuring that their dispense offerings met these high standards. REL installed its Leading Dispense System in all bars in the hotel in 2014, and in 2017 returned to move the system to include new taps and products. This was achieved by installing new python, a new plate and the installation of a counter top t-bar.

REL's installation in The Merrion Hotel, further establishes its Glycol Dispense System, as the leading Dispense System in Ireland, with the Merrion Hotel adding to the list of hotels, pubs, clubs and establishments which have chosen REL as their dispense providers.
