

Na Piarsagh GAA Club, Limerick – Champion Performance

When you mention the name Na Piarsagh across the Island of Ireland, the first thought that will come to many people's mind will be winners. Current Limerick Senior Hurling Champions for 2017, and former All Ireland Club Champions as recently as 2016, Na Piarsagh are a huge hurling club not just in Limerick, but nationwide. They pride themselves on achieving excellence and reaching the top.

It's no surprise therefore, that when Na Piarsagh decided to upgrade their dispense system, they wanted the leading dispense system available. In choosing the REL Glycol Beer Dispense System, Na Piarsagh chose Ireland's number one dispense system, which follows along their ethos of expecting the best.

The REL Glycol Dispense System was installed in the clubhouse bar of Na Piarsagh, where all of their success is celebrated each year, and as can be imagined, gets a lot of use due to the success of the club.

Na Piarsagh chairman INSERT NAME stated that “ “.

REL's Glycol Beer Dispense System is now installed in 170 venues nationwide with demand for the system continuing to grow. “The ability of REL's Glycol Beer Dispense System to consistently deliver a top quality beverage served at the correct temperature every time, while also contributing greatly to savings on energy cost and dispense wastage. Our System is firmly established as the number one system in Ireland”, says Liam Byrne, Managing Director, REL Limited.
