

Newtown Inn

REL completed a number of works installing, reconfiguring and commissioning of Air Conditioning and Air Extract Units in the recently refurbished Newtown Inn Bar in Maynooth, Co. Kildare.

Scope of works:

- Installation of new Air Conditioning Systems in refurbished bar areas.
- Reconfiguration of the existing air extract system to new outlets, 900mm ductwork to 300mm including volume control damper.
- Commissioning of Air Conditioning and Air Extract Systems.
